Grade 11 12 CREDIT REQUESTED: _____ Math _____ Science

| |
|---|
| Special Education: Yes _____ No _____ 504 Plan: Yes _____ No _____ |
|---|

Referring Counselor Signature: _____

PARENT/STUDENT CONTRACT:

I understand that the academic credit program is based on completing and passing not only classroom work but also completing additional assignments outside of class time.

I understand that I must pass my Career Center program before any academic credit is recommended.

I understand that I will hand in assignments according to the instructor's requirements and complete all work by June 1, 2021 unless I am a senior then it must be completed by May 7, 2021.

I understand that upon successful completion of the academic credit requirements, a recommendation for credit is made by the Career Center to my home school. However, each district will grant credit based on the policies of that school.

I also understand that if the academic credit is needed for graduation and if I do not complete the program requirements, I may not graduate. The graduation determination will be made by my home school district.

I understand that the only way to earn academic credit is to be enrolled in my Career Center program for the entire school year and that partial credit will not be recommended.
